Finned Aluminum Backing Plates (part #3514 shown) is an optional upgrade. Comes with a Full Polish or a Highlighted Polish

Note—Locite should be applied to rotor bolts (part #3141-12, #12 in drawing) before final assembly.

Note—Caliper Spacer (part #3141-1, #1 in drawing) not used with finned aluminum backing plate.

Note—The ultimate performance of this brake kit depends upon the brakes you use on the rear of your car and the type and size of the master cylinder. If you are unsure of the components you are planning to use, we recommend that you contact your dealer or Super Bell Axle Co. direct for recommendations for the best performance from your brakes.
